OUR FINANCIAL POLICY

I understand and acknowledge that I am fully and completely responsible for the payment of all costs associated with the services, treatments, procedures and/or diagnostic methods performed and utilized by the dentist and others. I acknowledge that any insurance coverage or managed care benefit that I may have is based on a contract between my insurance company or managed care company and me, my spouse and/or my employer. The dentist is not a party to this contract and the services, treatments, procedures and/or diagnostic methods are provided to me. Therefore, I acknowledge that I am fully responsible for the payment of all sums owed to the dentist for the services, treatments, procedures and/or diagnostic methods provided to me. As a courtesy to me, the dental office will bill my insurance company or managed care company and I acknowledge that I will remain liable for any and all amounts not paid by the insurance company or managed care company for any reason (including but not limited to the insurance company or managed care company declining coverage after initially approving it) or if the insurance company or managed care company fails for any reason to reimburse the dentist within 30 days after being billed by the dentist. I acknowledge that it is my responsibility to provide the dentist with my current insurance or managed care information and any changes thereto.

We will estimate as closely as possible your coverage, but until we actually receive payment from your insurance company, IT IS JUST AN ESTIMATE. All estimates are based on information provided to us by your insurance company and are not a guarantee of payment. We are a non-preferred provider for most PPO insurance plans and this may affect your out of pocket cost.

Non-insured patients are expected to pay in full with cash, check or credit card the day service is rendered.

All returned checks will be subject to a \$25.00 returned check fee. Any account balances that remain unpaid for 30 days from the date of service shall accrue interest at the rate of eighteen percent (18%) per month and may be referred to a collection company or attorney. In the event this occurs, I understand that I will be liable for collection costs of \$41.75. Further, in the event any unpaid account balance is referred to an attorney for collection, I agree also to be responsible for all costs and reasonable attorney's fees incurred in connection therewith.

I further consent to be contacted by the dentist, any agent of the dental office, or any collection agency (or agent thereof) or attorney to whom an unpaid account balance has been assigned or referred by mail at any address that I provide to the dental office and/or by facsimile, email or phone number (whether a cell phone or landline) at any facsimile number, email address or phone number (whether a cell phone or landline) that I provide to the dental office or any agent of the dental office.
